★ PLAN for the FUTURE ★
TOWN COUNCIL

- FAMILY MAN -

John and his wife Krissy have been residents of Mount Pleasant for over two decades raising their three children in Mount Pleasant public schools.

- SUCCESSFUL BUSINESS OWNER -

A graduate of Johnson & Wales University with honors and a small business owner of 20 years, John has taken a one Chef restaurant into a national catering brand. John understands the hardships of growth and the need to ensure that employees and infrastructure are sound. John knows firsthand the impact of small business on a community, the revenue they create and the time it takes to run one successfully. Small business is the focal point of a thriving community by employing our citizens and giving back to our schools and charitable causes.

- PLAN FOR THE FUTURE -

John wants to preserve the character of the town for our children, the next generation and the community. To do this, we must first take care of our small business community, town employees and area residents.
