RE: Endorsement of Councilman John Iacofano

The Professional Firefighter of South Carolina is proud to stand together in full support of Councilman John Iacofano in his bid for re-election to the Mount Pleasant Town Council. Since first being elected in November 2021, Councilman Iacofano has proven to be a strong and steady advocate for both the citizens of Mount Pleasant and the firefighters who protect them.

What truly sets Councilman Iacofano apart is his unwavering dedication to the firefighters of the Town of Mount Pleasant. He understands that the Town is in dire need of retaining top talent and that ensuring our firefighters have the resources and support to build long, fulfilling careers is essential for the safety and stability of the community. Councilman Iacofano recognizes that when our heroes are a top priority, they can better protect and serve the citizens they proudly took the oath to do.

He has consistently demonstrated a commitment to improving working conditions, enhancing safety, and supporting initiatives that strengthen the fire service. His leadership reflects a genuine understanding of public safety and the value of investing in the people who answer the call when it matters most.

The Professional Firefighters Association of South Carolina stands shoulder to shoulder with Councilman Iacofano in his continued efforts to make Mount Pleasant a place where firefighters can thrive, residents can feel safe, and the community can continue to grow stronger together.

We encourage the citizens of Mount Pleasant to stand with us in support of a proven leader who fights for public safety, accountability, and progress. Councilman John Iacofano has earned our trust—and our endorsement—to continue serving the Town of Mount Pleasant with honor and integrity.

Sincerely,

Roger K. Odachowski

President
